FAITHS Program
2020 Grant Guidelines

The faith community has historically been at the forefront of advocating for racial and economic equity, and it remains a crucial voice today. In 1993, The San Francisco Foundation created FAITHS (Foundation Alliance with Interfaith to Heal Society) — now a nationally recognized program — to enhance the work of faith-based organizations and congregations to organize and advocate for equitable policies and improve services and outcomes in their neighborhoods and the region. FAITHS is now a multi-faith network of more than 600 congregations, faith-based agencies, and community organizations that address racial and economic equity issues in the five Bay Area counties that the foundation serves (Alameda, Contra Costa, Marin, San Francisco, and San Mateo). FAITHS grantmaking and other program activities align with the foundation’s goals to ensure that every Bay Area resident has access to a good job, lives in a safe and affordable home, has a strong political voice, and can live in a community that provides real opportunity.

OUR FOCUS:
FAITHS convenes faith leaders, offers technical assistance, capacity building trainings, and grants to support greater racial and economic equity in the region.

GRANTMAKING STRATEGIES:
FAITHS grants support programs that strengthen interfaith and race relations, increase civic and cultural participation, support 2020 Census hard-to-count community strategies, develop leaders, and provide community services to low-income residents and communities of color.

The grantmaking program will support faith-based organizations and congregations to:

- Build and strengthen the capacity of organizations and leaders to engage in racial and economic equity issues, through nonpartisan voter engagement and Census outreach, policy advocacy, and community organizing.
- Provide programs that promote economic security, educational opportunity, and community well-being.
- Provide programs and activities that address institutional and structural racism, discrimination, and implicit bias.
- Conduct community outreach to hard-to-count populations for the 2020 Census.
Priority will be given to applicants that:

- Serve low-income communities and people of color in one or more of five Bay Area counties (Alameda, Contra Costa, Marin, San Francisco, and San Mateo).
- Provide programs for underserved communities (e.g. low-income people of color, systems involved and/or formerly incarcerated residents, low-wage workers, youth, homeless individuals, seniors, and immigrants).
- Leverage additional in-kind and financial resources.

Grant duration and range: Applicants can apply for a grant for one to two years, in the range of $5,000 – $8,000 per year.

Funding Exclusions: All applicants must meet the general eligibility criteria. FAITHS will not fund capital improvements, grants to individuals, or event sponsorships.

To submit an application please log into our grantee portal.

The application process opens September 11, 2019 with a submission deadline of October 4, 2019.

- If approved, grant will begin with a start date of November 1, 2019 for 12 months
- Visit the Grantee Portal Login to begin the online application process
